decorative landscape stone

The Kraemer Company, LLC produces a variety of landscape stone products at multiple locations throughout western Wisconsin. Whether you are a homeowner with a small job or a contractor with a large commercial project, we can supply you with the material to get your job done. We carry many types of stone including quartzite, limestone, and sand and gravel. Our materials come in various sizes and can be picked up at the locations identified on the back of this brochure.

Landscape stone has many benefits such as:

- Low maintenance
- Long lasting
- Better resistance to wind and rain than mulch
- Reduces weed growth
- Protects roots from heat and cold

Delivery of material can be arranged upon request. We can also assist you in estimating your project quantities.
